Mr. Daniel Crowder
Elite Electronic Engineering, Inc.
1516 Centre Circle
Downers Grove, IL 60515

Dear Mr. Crowder:

I am pleased to inform you that your organization has been recognized by Industry Canada (IC) and is now designated to act as a conformity assessment body/certification body (CAB/CB) to approve equipment under Appendix C, **Phase II** of the APEC Tel MRA. This designation covers equipment subject to the conditions specified for telecommunication equipment in the Canadian document CB-02. We are enclosing a copy of the IC recognition letter addressed to NIST in which additional information is noted.

The elements of your designation are as follows:

U.S. Identification Number: **US0107**
Phase-II Scope Designated: **a) Radio**

Your CAB designation will remain in effect as long as your ANSI accreditation remains valid for the above scope(s). The names of all approved CABs/CBs will be posted on the NIST website at <http://ts.nist.gov/mra> under the "APEC" heading.

If you have any questions, please contact Jogindar (Joe) Dhillon at 301-975-5521. We appreciate your continued interest in our international conformity assessment activities.

Sincerely,

David F. Alderman
Group Leader, Standards Coordination and Conformity Group
Standards Services Division

Standards Services Division
100 Bureau Drive, Stop 2150
Gaithersburg, MD 20899-2150

Dear Mr. Alderman:

This is to inform you that Industry Canada has recognized

Elite Electronic Engineering, Inc.
CB Identifier: US0107

as a Certification Body (CB) in accordance with the Phase II Procedures of the Asia-Pacific Economic Cooperation (APEC) Mutual Recognition Arrangement (MRA), and REC-CB "Procedure for the Recognition of Foreign Certification Bodies by Industry Canada".

The scope for which **Elite Electronic Engineering, Inc.** has been recognized is:

Scope A: All Radio Standards Specifications in the Category I Equipment Standards List.

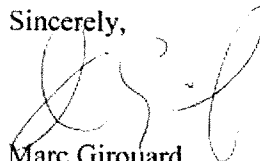

As of the date of this letter, **Elite Electronic Engineering, Inc.** can certify equipment to the latest versions of Industry Canada Category I Equipment Standards. This recognition is contingent on **Elite Electronic Engineering, Inc.**'s continued compliance with the recognition criteria, and administrative and operational requirements prescribed in Industry Canada document CB-02.

Certification Bodies can notify Industry Canada of products they certify by using the electronic filing system at: http://strategis.ic.gc.ca/epic/internet/inceb-bhst.nsf/en/h_tt00052e.html.

Industry Canada posts notifications relevant to CBs on the CB discussion forum available at: <http://www.scc.ca/forums/tapac/dispatch.cgi/CAB>. CBs are asked to maintain their registration in this forum.

If you require additional information or clarifications, please correspond with Industry Canada's Telecommunications Engineering and Certification Division, 300 Slater St., Ottawa, ON K1A 0C8, phone (613) 990-4526, fax (613) 957-8845, e-mail address: telecom.reg@ic.gc.ca.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Girouard', written over a faint, illegible background.

Marc Girouard
Acting Deputy Director,
Telecommunications Engineering and Certification
